STATEMENT OF SCHOOL BOARD

To January 31, 1918

To the citizens of Marlow:

Your school board submits the following statement of the condition of your schools to Jan. 31, 1918.

By an amendment to the Public Statutes, approved by the governor April 4, 1917, the fiscal and scholastic year does not end until Aug. 31, 1918, at which time the report will be made and presented in the next annual town report.

The schools in our village have had thirty weeks since our last report and the winter term now in session will continue for four and possibly five weeks longer.

It was deemed advisable to open a school in district No. 3 early in October for the convenience of the eight children who live in that and the adjoining district.

This school continued for ten weeks in charge of Miss Adelene Melrose of Goff's Falls. Miss Melrose came to us with no experience in teaching, but by her good management and efficient work proved that she possessed unusual ability as a teacher.

The last week of the winter term of 1916-17 was taught by Miss Millicent B. Howland in the grammar and Miss Pauline H. Harper in the primary department.

Miss Harper continued her work in the primary department through the spring term of ten weeks, but Miss Howland, much to our regret, resigned at the close of the winter term, and Miss Verna Lawrence of Goffstown was secured to fill the vacancy.

At the opening of the school year in September we were able to secure the services of Miss Carrie C. Burr in the grammar room and Miss Susan E. Bennett in the primary, both graduates of the Keene Normal school. We think they have proved beyond question the right teachers for the place, and we are glad to see a greater readiness on the part of the parents to work with the teachers in the noblest and most difficult task in the world, the education of children.

It is greatly to be regretted that there is seemingly so much indifference on the part of some parents regarding the constant attendance of their children. When the per cent of attendance falls below ninety-five there is likely to be a good deal of absence which has not been necessary, but only convenient. In order that full value may be received for the generous expenditure of the town on its schools, there must be regular and prompt attendance of the pupils.

Seventy-five to one hundred tardy marks in one register for the year are far too many. When the register shows more than a half dozen tardinesses in one term it probably indicates that the parents are too indifferent about forming habits of punctuality in their children. If a pupil can get to school at all, he can usually get there on time, if his parents care sufficiently about his doing so.

Our village schools were graded three years ago, and the state course of study adopted. Since then we have each year re-

placed some of the old text books with those more modern, until at present we have as good a set of text books in all subjects as can be found in the state. These should be all that are required for a number of years, thus saving the expense to the town of each year introducing some new text books, to suit the fancy of the teacher.

Through the economical using of stationery by the schools the past year, we have quite a quantity of supplies left over for use next year.

While the cost of all text-books and supplies has nearly or quite doubled in the past two years, with no call for text books (beyond possibly a few extra copies of those already in use) the amount to be raised for supplies need not exceed \$50.

The following is the roll of honor for the three terms ending Dec. 21, 1917.

Three terms—Frank Elliott, Lena Hubbard, Willie Hubbard, Leroy Hubbard.

Two terms—Florence Hubbard, Donald Lindsley.

One term—Harriet Brady, Archie Corey, Henry Corey, Dorothy Faunce, Evelyn French, Annie Latva, Siami Latva, Rockwell Robb, James Saltzgiver, Ralph Winham, Emery Young.

The school board presents to the town the following estimates of money required for the support of schools for the year 1918.

- | | |
|---|----------|
| 1. School money required by law, and such additional sums as the district may vote. | |
| 2. Money for high school tuition, | \$180 00 |
| 3. Money for text books and supplies, | 50 00 |
| 4. Money for salaries of district officers, | 76 00 |
